DEATH OF DE. BOYD MCNAIRY. This very estimable gentleman and influential citizen died at his residence in this place on yesterday morning at three, o'clock. But few men have been longer identified with this community, or have more devoted personal friends. The funeral services take place at three o'clock, this afternoon, from Christ's church. Services by Rev. Mr.

Rev. Dr. STRANSAN will p each in the Second Presbyterian church to morrow (Sunday) afternoon at 2 o'clock, in the German language.

HEAVY DONATION TO THE CHURCH .- Mrs. Eliza Garrett, lately deceased, of Chicago, Ill, just be tore her death, presented to the Methodist Episcopal Church, North, the sum of three hundred thousand dollars to found a Biblical Institute, which has received her name.

A FAT FEE.-In the case of Merrick w. Sounderland, recently decided by the Supreme Court of California, in favor of the plaintiffs, involving the title to one third of the city of Sacramento, valued at \$3,000,000, Joseph G. Baldwin, Esq., author of "Flush Times in Alabama," got a contingent f e of upwards of one bundred thousand dollars.

MONTGOMERY (Als.) ADVERTISER, -- GABRIEL B. DuVat very gracefully retires from the editorial chair of this paper. Without any personal knowledge of Mr. DuVal, we have learned from reading the articles in his paper to regard him as one of the most finished and successful newspaper writers in the south. His style is chaste and pungent, his thoughts vigorous and clear. We bid adieu to him as one of the editorial corps with more than ordinary regret

COTTON.

We are indebted to a southern gentleman engaged largely in commerce for the communication below. He is thoroughly informed as the commercial statistics of the country. Cotton Crop of 1855-56-The value and uses of

this wonderful article. The receipts at the resports of this article from 1st September, 1855, to 1st September, The consumption of Southern factories,

not forwarded to seaports, was all of or more than

Making an aggregate of

It averaged over \$40 per bale, and all has been sold, and it has commanded \$144,000,000

Its use in the United States is such that no man, woman, nor child in them passes any day in the year, sick or well, (ony, even in death,) that in some shape or other it is not used by every one. It is superceding wool, silk, and hemp; is found preferable to either for the general purposes of

The coming crop will be cut off some 800,000 bales from last year, but, with the southern consumption, will reach 2,800,000 bales. Prices have advanced from the average of last year 91491 cts. to 124 cents for middling already; but the price will go to 15 cents per pound, and will certainly average \$60 per bale all round; and at this 2,800,000 bales of cotton will sell for \$168,000,000.

The world is now a watch, and this article is its mainspring and sets all its wheels in motion. It is its essence, its vitality. It gives a demand for the surplus agricultural productions of France, her wines, those of Germany, Spain, etc; the wheat and stock of our own great West. It is that which runs the ships, the steamers, railroads, gives them their passengers, and generates our commerce and

Hogs and Provisions .- Our pork packers have fully entered upon the season, and established an opening price for bogs and hog product. There was a sale of two thou-sand five hundred head, to weigh more than two hundred pounds each, and to be delivered between the 1st and 20th of December at \$5.25 per 100 lbs. There were sales also of newly rendered lard at 11c, new mess pork at \$17.00 per barrel, and three thousand green hams from the block

At Ashbrooks & Co's park house yesterday the slaugh-tering commenced in carnest. We understand there are large numbers of hogs coming in, and soon all our immense packing establishments will be under the most murderous headway. Packers offer readily from \$5 to \$5 50 for heavy hogs and had we the general attention of our country friends we might, perhaps, whisper to them to close their contracts at these figures. Correspondence from all parts of the west shows hogs to be plenty, and this, viewed together with the fact that the stocks of old bacon and pork are far from being exhausted, induces us to drop the hint to our country pork men. -St. Louis Democrat, 15th.

THE RIOG TRADE - The market continues quiet and dull with no nuterial transactions transpiring, and all our packers ready to commence killing. As yet, however, but we houses have been in operation, Atkinson & Co., commencing yesterday with the slaughter of 2,000 head. The prevailing quotation for hogs is \$5.75 net. The receipts during the past few days have been large, including 3,150 by the Frankfort Railroad.

Owsleye & Co., commenced operations last evening with

the slaughter of 400 heavy hogs, the product of Madison county, the finest lot ever seen. This house is in tip top order and are now fully entered for the season.—Leuisville

Prof. Wood: My hair commenced falling off some three

or four years since and continued to do so until I became quite baid. I tried all the popular medicines of the day but to no effect. At last I was induced to try your celebrated Hair Restorative, and am happy to say it is doing wonders. I have now a fine growth of young hair, and cheerfully recommend its use to all anniharly afflicted.

Raisin Michigan, August 2, 1855. This is to certify, that one year ago I was quite gray, and my hair so thin upon the top of my head that I feared its entire loss. In this condition I applied for and obtained a bottle of Prof. Wood's "Kestorative" and before I had used one quart bottle, the gray hairs had entirely disapused one quart bostle, the gray mark had entirely disap-peared and it had thickened up so as to be as full as usual, and assumed a glossy appearance apparently more beauti-ful than ever it was before I do therefore cheerfully recom-mend it to all those indice who value a beautiful head of hair. I will also state that I use it now, occasionally, for hair. I will also state that its healthy and beautifying effects.

COUGHS, COLDS, HOARSENESS.

BRONCHITIS, WHOOPING-COUGH CROUP, ASTHMA, AND CONSUMPTION.

Cathartic Pills. OPERATIVE by their powerful influence on the internal Viscera to purify the blood and stimulate it into healthy action. They remove the obstructions of the stomach, bowels, liver, and other organs of the body, and by restoring their irregular action to health, correct, wherever they exist, such derangements as are the first cause of discase. An extensive trial of their virtues, by Professors, and Patients, has shown cures of dangerous discases almost beyond belief, were they not substantiated by persons of such exalted position and character as to forbid the suspicion of untruth. Their certificates are published in my American Almaone, which the Agents be ow named are pleased to furnish to all impulsing. which the Agents be ow named are pleased to furnish to all impairing.

Annexed we give Directions for their use in the complaints which they have been found to cure.

For Coerriseness.—Take one or two Pills, or such quantity as to gently move the bowels. Costiveness is frequently the aggravating cause of Piles, and the cure of one complaint is the cure of both. No person can feel well while under a costive habit of body. Hence it should be, as it can be, promptly relieved.

For Dysersa, which is sometimes the cause of Costiveness, and always uncomfortable, take mild doses—to stimulate the stomach and diverinto a healthy action. They will do it, and the hearthurn, bodyburn, and soulburn of dyspersis will rapidly disappear. When it has gone, don't forget what cared you.

what cured you.

For a Foul Stomuch, or Morbid inaction of the Bowels,
which produces general depression of the spirits and bad
health, take from four to sight Pills at first, and smaller
doses afterwards, until activity and strength is restored to the Realin, take from four to eight Pilis at Brat, and smaller doses afterwards, until activity and strength is restored to the system.

For Nervousness, Sick Headache, Nausea, Pain in the Stomach, Back, or Side, take from four to eight Pilison going to bed. If they do not operate sufficiently, take more the next day until they do. Don't wear those and their kindred disorders because your stomach is foul.

For Schoffla, Eryspelas, and all diseases of the Skin, take the Pilis freely and frequently, to keep the bowskippen. The eruptions will generally soon begin to diminish and disappear. Many dreadful Ulcers and Sores have been healed up by the purging and purifying effect of these Pilis, and some disgusting diseases which seems to saturate the whole system have completely yielded to their influence, leaving the sufferer in parfect health. Patients! your duty to society forbids that you should parade yourself around the world covered with pimples, blotches, ulcers, sores, and all or any of the unclean diseases of the skin, because your system wants cleaning.

To Pusier the Bood, they are the best medicine ever discovered. They should be taken freely and frequently, and the impurities which sow the seeds of incurable disease will be swept out of the system like chaff before the wind. By this property they do as much good in preventing sickness as by the remarkable cures which they are making everywhere.

Liven Constant, Jaundice, and all Billious Affections

Liver Constant, Jaundice, and all Billious Affections arise from some derangement—either torpidity, congestion, or obstructions of the Liver. Torpidity and congestion visitate the bile and render it unfit for digestion. This is disastrous to the health, and the constitution is frequently undermined by no other cause. Indigestion is the symptom. Obstruction of the duct which empties the bile into the stomach causes the bile to overflow into the blood. This produces Jaundice, with a long and dangerous train of evils. Conveness, or alternately costiveness and diarrhesa, prevails—Feverish symptoms, langor, low spirits, weariness, restlessness, and melancholy with sometimes thability to sleep, and sometimes great drowsiness; sometimes there is a severe pain in the side; the skin and the white of the eyes become greenish yellow; the stomach acid; the bowels sore to the touch; the whole system irritable with a teadency to fever which may turn to billious fever, billious diarrhesa, dysentery, &c. A medium dose of three or four Pilis taken at night followed by two or these testing the production of the statement of the pilious diarrhesa, dysentery, &c.

&c. A medium dose of three or four Pills taken at night followed by two or three in the merning, and repeated a few days, will remove the cause of all these troubles. It is wicked to suffer such pains when you can cure them for 25 Dis.
RHECHATISM, Gout, and all Inflammatory Fevers are rapid RECOMATISM, GOUL, and all Inflammatory Fevers are rapidity cured by the purifying effects of these Pills upon the blood, and the stimulus which they afford to the vital principle of Life. For these and all kindred complaints they should be taken in mild doses to more the bowels gently, but freely.

As a Dinner Pill, this is both agreeable and useful. No Pill can be made more pleasant to take, and certainly none has been made more effectual to the purpose for which a Dinner Pill isemployed. Prepared by

INHALATION IN CONSUMPTION.

Bronchitis, Laryncitis, and other diseases of the Chest and Thront successfully treated by the Inhala tion of Menicated Varons and Powders, by Absorption and Constitutional treatment, as practiced at the "Stuyvesant Medical Institute," New York city. Disease of the Heart, Liver, Female Complaints, Dyspepsia, Venereal Affections, and Chronic Diseases generally, will receive the attention of the Physicians, to whom such may have been especially entrusted. cially entrusted.

The unprecedented success which has attended this me.

The unprecedented success which has attended this method of treating diseases of the Lungs and Throat, has in duced us to depart from our usual course, and avail of the Press, in order to bring it to the knowledge of the Press, in order to bring it to the knowledge. The dawn of a brighter day has at length arrived for the Consumptive. The doctrine of the incurability of Consumption has at length passed away. We have indubitable proofs in our possession, that Consumption in all its stages can be cared; in the first, by tubercular absorption; in the second, by the bansformation of tubercule into chalky and calcarous concretions; in the third by electrices of sears. Those wedmost be apparent, viz: that medienes inhiled in the form of Vapor or Powder directly into the Lungs, must be much more effectual than that raken into the Stomach, where the disease does not exist.

The advantage of inhalation in Consumption and Throat Diseases that medicine in the form of vapor and applied The advantage of thusaction in Consumption and applied Diseases is, that medicine in the form of vapor and applied directly to the Lungs where the disease exists; the stomact

directly to the Lungs where the disease exists, the stomach is thus left free to aid in restoring, by administering to it healthy, life-giving food. There is no case so hopeless that inhalation will not reach! The means, too, are brought within reach of all, the manner of administering the vapors being so simple, that the lavalld is never required to leave home, where the hand of friendship and affection tends so much to aid the physician's efforts.

The Inhaling method is soothing, safe and specity, and consists in the administration of medicines in such a manner that they are conveyed into the lings in the form of vapor, and produce their action at the seat of the disease. Its practical success is destined to revolutionize the medical world, and establish the entire curability of Consumption.

I carnestly appeal to the common sense of all afflicted with lung diseases, to embrace at once the advantage of inhalation; and no longer apply medicines to the unaffected stomach. I claim for Inhalation a place among the priceless gitts nature and art hath given us, that "our days may be

A method not only rational, but simple, and effections.

Such of the profession that have adopted lubalistion, have found it efficacious in the highest degree, arresting the progress of the disease, and working wonders in many desperate cases, in versay, a triumph of our Ari, over this fell destroyer of our species.

HOW DISEASED ACTION BECOMES ESTABLISHED AND THE ZLOODIMPURE.

Agreat error has long prevailed in the minds of medical men, "That impurity of the blood is the cause of diseased action." This is a serious mistaxe. It is a disturbance of the circulation, and the establishment of diseased action, that causes impurity of the blood.

The K. K. K. theory holds the truth of the above maxima, for if a person be in a state of perfect health, each arriser and vein must carry to and from the heart it silotted portion of blood, and when any set of vewels refuse (be the cause what it may) to carry their proportion, the current of blood becomes dummed up; in other words, a congestion takes place, giving pain to a greater or less extent. Here, then, is the beginning of diseased action, which, if not re lieved, will soon run into inflammation, and the disease become established, the blood becomes impure, and the regularity of action on the part of the liver, sain, bowels, dec., is sure to be interrupled, and the general system, by sympathising with the ocal complaint, becomes involved in the dimently. That this is the true state of the case, let any one cail to mind his symptoms on catching cold. Mesers. Radway & Co.—I tried your Ready fielief, and ahd my joints rubbed with it, and I never felt pain after the first ten minutes I was rubbed with It up to the present time. Sirs, I do no timow what I be compare it to but a charm; for it is a mystery to me. I was a cripple for two years, and had not the proper use of my limbs for three years. I was worn down to a skeleton. I then commenced the use of your Ready Relief, Hosolvent, and Begulators. The pais left me in ten minutes, and I began to gain strongth very first, and could walk with ease in a few words. Before I heard of your remedies I was taken to Dr. Parker, Dr. Reese, Dr. Wardle, Dr. Macielan, and many other physicians in this city, I cannot now remember. I was completely pulled to pieces by them. My constitution was completely broken up with medicinessiant did me negood. I could not put a foot to the ground nor pick up a pin. I was titled and cur ried up and down stairs like an aufant; and now, thank God! by the use of your remedies, I am as strong as ever. Mesers, Radway & Co.—I tried your Ready Roller, an

JEPTRAGARDINER. A severofall; lajury of the knee pan, Excratisting Timely arrival; Successful efficacy of Radway's Relief. Timoty arrival; Successful officacy of Radway's Heady Relief.

Dreadon, Weakly Co., Tenn., Dec. 31, 1824.

I, Jeptha Gardinier, of the above pince, do publish, that for many years I have been afficied who kneemathem, and on the evening of December 20th, 1825, while waiting in my yard, I fell with great violence on the tee, braising the knee pan very badly. I further certify, that on the above day Mr. John J. Benedict, a traveling agent of Radway & Co., arrived at this pince, and hearing of my heavy fall and the terrible complaint that afficied me, recommended me to apply Radway's Ready Reint, which I did, and in a very short time the pain crased, the swelling abuted, and I amnow able to waik without the use of my cause, free from pain. I have tried several other remedies, but loand to relief. In cases of extreme pain, Radway's Heady Relief is far preferable to all other remedies. It my one doubts the truth of this certificate, let them call on me at my residence, or write to me at Dreadon, Tenn., and I will give them fail information.

Per years Mr. Gardinier had suffered the terturing pains of Rheumatiam. He was unable to waik without the aid of a stick. On the 28th of December he first tries the R. R. Relief. On the 38th is confid walk without aid and free from pain. Let all who are crippled or bed rudgen think of this

FEVER AND AGUE.

LARGE HOLES IN THE NECK. LARGE HOLES IN THE NECK.

An Emigrant called upon us a few months since, who had been troubled with the disease called King's Evil. He had two very large holes in his neck, and his head, body and legs were covered with the most disgusting and suckesing sores. We immediately placed him under the influence of the Resolvent. In six weeks from the time he called upon us every sore was healed. Not even a sore was left upon his body to remind him of the King's Evil.

This man, tike thousands of other defined persons, had thrown himself prostrated before two Emperors, four Kings, and one Queen, to be touched by the flugers of Royalty, believing that the hands of their "most sucred majorities would drive away the evil." The Removating Resolvent and more power in restoring this poor deluded victim of a cruci disease to a sound condition of body, than all the kings and monarche on the earth.

How the R. R. K. Remedies restore consumptives to health, stops the ravages of decay, scale views in the longs and thost, curse asthma, bronching, chronic complex and all diseases and complimate of the teroat, lungs and chest. Persons who have been troubled with chronic complex, and all diseases and complimate of the teroat, lungs and chest, tabercles in the lungs, bronchinis, or glandwine affections, are informed that the R. R. R. Remedies will care them of these terrible diseases on the same principle. Let the Ready Relief be applied externally on the chest and around the litroit. This will effect an important and wenderfully beneficial result. It will get up a powerful counter-litritating orce, and withdraw from the glands of the thront all congested blood that may interfore with the respiratory organs. Persons troubled with asthma, hard and difficult breathing, sharp pains when taking a long breath, will find an immediate relief after an application of Radway's Readway's Resident deposit. It heals all ulcers, and removes tabercles. We have known persons, who had no bine of ever rising from a sick bed, to be restored to sound health with not a particle of consumptive material in their bodies to hasten decay. Radway's longulators, in here cases, keep the system regular, and equalize the circulation of the blood.

BOILS CURRD BY R. R. RESOLVENT.

Messrs. Radway & Co., Chemists, N. V.—Sond me two dozen of R. R. Resolvent. I have been sorely afflicted with bolls. I have been tormented with these disagreeable excrescences for more than two years. I tried all kinds of medicines without effect. I commenced the Resolvent. One bottle cured me entirely. I have since recommended it to others. Yours truly, R. C. WRIGHT. RADWAY & Co.,

The presence of pimples, blotches, pustnies, testers, man, itale sores, painful itchings, hot flushes, &c., are sure indications of the presence of foreign and impure humors in the system, and if allowed to mingle with the blood and remain in the system, corrupting the blood and filling the sewers of the body with impurities, sores and ulters will break out and cover the body with their repulsive presence.

The skin, under these poisonous influences, becomes an eruptive volcano, exhibiting to the eye the disgusting lave of disease in the form of salt, rheam, cancers, ulrers, tweer sores, putried feeth, king's evil, and the most criphful eruntions of the skin.

Radway's Ready Resolvent fire cured the most terrible of skin diseases and humors. It will never fail in the wors cases.
